

6. Intending exhibitors will apply to the Deputy Amildar, Koratagere, before the commencement of the show and get their names and description of their exhibits duly registered.

7. Owners will do well to make their own arrangements for providing their cattle with fodder. But necessary arrangements for the local supply will be made as far as possible. The Jayamangali river which runs closeby gives a sufficient quantity of water-supply.

8. The Jatra is generally well attended and will afford a good market for dealers in cattle, etc.

ANANDA RAO SIRSI,
Deputy Commissioner.

C. SRIKANTESVARA AIYAR,
Chairman.

SHIMOGA TOWN MUNICIPALITY.

Notification dated 22nd November 1921.

The following Bye-laws regarding water-supply to Shimoga Town from the Krishna-rajendra Water Works, framed by the Municipal Council under Section 48(1) of the Mysore Municipal Regulation, VII of 1906, and sanctioned by Government in their Order No. L. 1871—Ml. 55-21-32, dated 26th September 1921, are hereby published for general information:—

1. No person shall wilfully or negligently
 - (a) remove, break, injure or open any cock, lock valve, pipe work or engine belonging to or under the control of the Municipality in connection with the water-supply, or
 - (b) flush or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated; or
 - (c) obstruct, divert or in any way injure or alter any water main or duct.
2. The water supplied by the Municipality is intended primarily for domestic use and therefore, water from a public stand post or tap shall not be taken for garden irrigation or for building purposes. In the latter case, the previous sanction in writing of the President should be obtained on such payment and under such conditions as may be settled by the Municipal Council.
3. No person shall bathe or wash any animal, vehicle, clothes or utensils at any public stand posts or taps, which are not specially set apart for the said purposes.
4. No person shall do anything to damage or disfigure the stand posts or platform or to obstruct the free flow of water from the platform.
5. No person shall water any animal at any public stand pipe or cistern except at places prescribed by the Municipality for that purpose by notice posted thereat.
6. The Municipality may, at any time, with previous public notice stop the supply of water whenever it may appear to be unfit for use by the public.
7. The Executive Engineer, Water-supply Division or his authorised agent, shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice. But when stoppage is over an extensive area or is due to exigencies, which can be foreseen, such previous notice as is possible under the circumstances will be given by general Tom Tom.
8. Applications for attachments from the public mains are to be made in printed form to the President of the Municipality, who is authorised to comply with such requisitions by

owners of property, who are required to lodge with him, the cost of the attachment as may be estimated for, by the Municipal or Public Works Officers before the work is begun. All applications should be accompanied with a deposit of Rs. 25 which will be adjusted towards the cost of attachment subsequently.

9. Until further orders, private house service connections will be limited to houses paying house tax not less than Rs. 5 a year, in localities where a supply can be given without detriment to street service provided, there are facilities to make proper arrangements for draining off the waste-water to the Municipal drains.

10. For houses taking $\frac{1}{2}$ inch connections a maximum of two taps may be given and for the larger size three taps may be given. A fee of rupee one and a half for each $\frac{1}{2}$ inch connection and rupees two for each $\frac{3}{4}$ inch connection will be charged per month. Connections for non-domestic purposes such as garden, factories, presses etc., will be charged at 12 annas per 1,000 gallons.

In calculating charges under this clause, the quantity of excess on any whole number of thousands of gallons shall not be charged for, if it is 500 gallons and under, but shall be charged for, as if it were 1,000 gallons when it is over 500 gallons.

11. Service pipes to private properties shall be laid only by Plumbers, duly licensed by the Executive Engineer on approved plans and specifications under conditions and rules sanctioned by the Chief Engineer. The final connection between the private service and the public water mains shall not be allowed until the work is inspected and passed by the Executive Engineer or his authorised agent.

(a) No alteration or extension shall be allowed without obtaining the sanction of the Water-supply Department and such work shall be carried out by the licensed Plumbers.

(b) Repairs may, however, be carried out by the owners of property after giving intimation to the Executive Engineer of the nature of repairs to be done, the work being entrusted to licensed Plumbers only.

12. For every connection given for non-domestic purposes such as garden, factories, presses, etc., there shall be provided at the cost of the Municipality and maintained in the working order a water meter for the accurate gauging of the water consumed.

13. The water rate, meter rent and other charges due under these rules are to be collected by the President of the Municipality or his authorised agent quarterly, on bills prepared in his office. Owners of houses or property shall be solely responsible for the payment of all charges due under these rules, which shall be recoverable in the manner laid down in Chapter VIII of the Municipal Regulation. The President may, however, receive payment from (1) agent or (2) a tenant. Such bills shall be presented by the Municipal Office, before the 20th of the month following, the quarter to which they relate.

(a) In order to facilitate the adjustment of accounts between the owner of the house or property and his tenant or occupier, the Executive Engineer shall, when required, in writing, furnish a memorandum showing the consumption of probable charges on account of water rate and meter rent for any broken period of the quarter since the preparation of the last bill in his office.

14. Arrangements will be made to read the meters as far as possible within the 5th of every month after due notice. The meter reader will leave with any available person in the house a slip showing the consumption of water during the preceding month.

15. All complaints regarding the accuracy of the reading or non-receipt of the slips referred to in Rule 13, should be made in writing to the Executive Engineer, within the 10th of the month concerned, after which no complaints will be entertained.

16. Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water-meter may apply to the Executive Engineer or his local representative or agent and have the meter tested on payment of a fee of Re. 1 per test. If on actual test, the quantity registered by the meter exceeds 10 per cent of the current quantity the fee will be refunded to the party concerned otherwise, it will be credited to Municipality.

17. The Water-supply Department reserves itself, the right to test any meter for its own satisfaction at any time. Due notice shall be, however, given to the owner of the house or property concerned.

18. If, on examination, any meter be found to be out of order and consequently not registering correctly, the consumption during the period since the last reading till the meter is repaired or a new meter is attached shall be calculated at the average daily consumption of the last registered period during which in the opinion of the Executive Engineer the meter was registering correctly and the consumption of water was not for any reason, abnormal.

19. The Executive Engineer or his authorised agent, may at all reasonable times, with the permission of the owner or if permission be refused after giving six hours' notice, enter

any premises in which there is a water connection, in order to inspect and examine or repair the same.

20. The Executive Engineer or his authorised agent, shall have the power to cut off the connection between the private pipes and the public main in any of the following cases:—

(a) In default of payment of the water rates and other charges, due, under the rules within twenty days after the same shall have been demanded in writing or presented.

(b) If any house owner or occupier, who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted provided that six days' previous notice is given in writing.

(c) In cases of leakages of pipes or other defects in the private service arrangements likely to cause loss to the Municipality, provided forty-eight hours' notice is previously given.

(d) If water is allowed to run to waste after the owner or occupier has been warned in printed or written notice against allowing such waste.

(e) In any case of broken pipes or fittings causing loss of water, likely to cause damage to property, when such notice as may be possible shall be given.

(f) In any case of refusal to allow the Executive Engineer or his authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings, etc.

21. The Bye-laws 2, 3, 4, 5, 6, 7 and 20 stated above, apply to *mutatis, mutandis* to public street fountains which have or may be allowed to be erected at the expense of private individuals for dedication to public use.

22. Any person infringing any of the Bye-laws from 1 to 5 inclusively, shall be liable to be punished with a fine not exceeding fifty rupees on conviction before a Magistrate.

NOTE.—After the water works is taken over by the Municipality, wherever the words "Executive Engineer" occurs in the above Bye-law, have to be read as the "Municipal Council."

B. BHIMA RAO,
For President.
